

SearchBlueprint affiliate program

Earn 20% of every payment a client you refer makes, for as long as they pay. They get 10% off.

SearchBlueprint audits a website, maps the searches it is missing and turns the result into one prioritised plan for Google and AI search. Every client's first plan is free, so they see their own site's plan before they spend anything.

The commission

20% of every payment, renewals included, for the lifetime of the customer. No cap and no 12-month cutoff.

What one client earns you on today's prices, after their 10% off:

- **Base, monthly:** \$27 a month (20% of \$135.00/mo, which is \$150 less their 10%)
- **Base, yearly:** \$216 a year (20% of \$1,080.00/yr, which is \$1,200 less their 10%)
- **Agency:** \$54 a month (20% of \$270.00/mo, which is \$300 less their 10%)

Base is \$150/mo per website, or \$100/mo billed yearly (\$1,200). Agency is \$300/mo for every website you manage.

Commission builds from your first paying client. Once your second client is paying, the whole balance becomes payable, so nothing you earned before is lost. We pay once your payable balance reaches \$50, and we confirm each payout with you before it's sent.

What your clients get

10% off list price at checkout, for as long as they stay subscribed. There is no code to type. Your 20% is worked out on what they actually pay.

How it works

1. **Email us to join:** tanjunsing8@gmail.com. The self-serve partner page isn't open yet, so joining starts with an email.
2. **Share your link.** Clicking it ties the visitor to you for 90 days, and they become your referral when they sign up in that window.
3. **Earn on every payment.** You earn 20% of the first payment and of every renewal after it.

Who it's for

- Agencies with clients they don't serve for SEO
- Web designers whose clients ask about search after launch
- Consultants, educators and newsletters read by business owners

How to share it

- Say what the product does, never "guaranteed rankings"

- Don't bid on SearchBlueprint brand terms in paid search
- No spam or cold blasts
- Lead with the free plan: it's the best pitch we have

The rules

These are the terms you accept when your link is issued.

1. **Commissions apply only to new customers.** Affiliate rewards are paid only for first-time SearchBlueprint customers. Existing users, self-referrals, or reactivated accounts are not eligible.
2. **Commission activates after the second active website.** Affiliate commission becomes eligible only once at least 2 referred customers have a paid subscription. We do not pay out for 1 single referral.
3. **Recurring commission period.** Once activated, affiliates earn 20% recurring commission on the customer's subscription payments for the lifetime of the customer. There is no 12-month cutoff and no cap.
4. **Your referrals get 10% off.** Anyone who signs up through your link is charged 10% less than list price for as long as they stay subscribed. Your 20% is calculated on what they actually pay, and the discount is applied automatically at checkout. There is nothing for them to type in.
5. **No self-referrals or abuse.** Commissions will not be paid for:
 - Your own accounts or businesses
 - Accounts created to bypass pricing or discounts
 - Duplicate domains, emails, or payment methods
 - Existing SearchBlueprint customers adding new sites
6. **Multi-site customers encouraged.** Customers managing multiple websites should use official multi-site plans.
7. **Referrals are tracked for 90 days.** A visitor who clicks your link is tied to you for 90 days. If they sign up for SearchBlueprint within that window, they count as your referral.
8. **Right to review.** SearchBlueprint may review referrals at any time to ensure compliance with these rules, and reserves the right to withhold commissions in cases of abuse and terminate affiliate status.
